About the Campaign

Americans are in crisis, and this pandemic is pushing us to the brink. Congress is gearing up to pass another round of stimulus funding, and it's up to us to make sure they don't leave out mental health — again. Join Inseparable today to let them know that fully funded mental health resources like community clinics, addiction care, and suicide prevention programs can be the difference between life and death.

If we have learned anything over the past few months it is that if we don't like the way something is going, we have to change it ourselves. Keep that same energy when it comes to advocating for adequate mental healthcare.

The last stimulus package left mental healthcare out — and unless we speak out before the next round of funding goes to a vote, it will happen again. Take what's yours. Mental health affects all of us. We need mental health care funded, now. #FundMentalHealth
